CEU Plan News Release

CEU Plan Becomes Authorized Provider of IACET CEUs *Prestigious Accreditation Demonstrates Commitment to High-Quality Lifelong Learning*

January 30, 2012 - The International Association for Continuing Education and Training (IACET) has awarded CEU Plan the prestigious Authorized Provider accreditation effective February 1, 2012. IACET Authorized Providers are the only organizations approved to offer IACET Continuing Education Units (CEUs). The accreditation period extends for five years, and includes all programs offered or created during that time.

“CEU Plan is proud of our education programs which train over 8,000 licensed water and wastewater operators each year in important process control, mathematics, laboratory practices and safety, and relevant treatment techniques so that our students and members stay on the cutting edge,” stated William Edgar, Program Administrator and founder of CEU Plan. Edgar added, “Our new partnership with IACET is a demonstration of our commitment to lifelong learning and high standards for all of our programs, and we are very pleased to join such a prestigious organization as well as an elite group of organizations that offer excellent continuing education and training programs.”

“We are pleased to welcome CEU Plan as our newest Authorized Provider organization,” stated Francenia Johnson, President of IACET and Supervisor of Operations and Measurements at Memphis Light, Gas and Water Division (MLGW) in Memphis, TN. Johnson added, “CEU Plan joins nearly 650 organizations around the globe that have had their programs vetted by third-party experts in continuing education to ensure the highest possible standards are met.”

In order to achieve Authorized Provider accreditation, CEU Plan completed a rigorous application process, including a review by an IACET site visitor, and successfully demonstrated adherence to the ANSI/IACET 1-2007 Standard addressing the design, development, administration, and evaluation of its programs. CEU Plan has pledged its continued compliance with the Standard, and is now authorized to use the IACET name and Authorized Provider logo on promotional course material. In addition, CEU Plan is now linked to the IACET web site and is recognized as offering the highest quality continuing education and training programs.

CEU Plan provides online training to water and wastewater professionals across the USA. CEU Plan's Instructor Group is comprised of highly experienced individuals within the field from plant managers, operators, utility management, laboratory directors, and health (DOH) trainers with a combined experience of over 1,000 years. CEU Plan has developed some very unique techniques utilized in over 200 online courses available for continuing education and entry level training within the water and wastewater treatment field. In the past, CEU Plan has been honored to work with all of the major non-profit associations, ABC, USEPA and state OCP (Operator Certification Programs) within their environmental protection agency, manufacturer and industrial, and recognized internationally for its' online training program.
